Golden Door Scholars Tech Fellowship

Remote
June 2021– August 2022

- Applied Python, HTML, CSS, and JavaScript to complete projects with other fellows in front end web development
- Attended hands-on professional development workshops and learned from guest speakers in the tech and finance industries

PROJECT EXPERIENCE

Client-Driven Web Development Model

Practical Web Design and Development for Everyone (COMP 126)

Chapel Hill, NC
January 2024 – May 2024

- Created a minimalist website for a hypothetical food photographer client using HTML and CSS, focusing on simplicity and visual appeal.
- Improved user experience by designing an intuitive interface, enhancing navigation and accessibility.
- Simulated a real-world client-driven project by interpreting client needs and requirements, delivering a tailored solution that met specified goals.

Welcome To The Philippines

Foundations of Interactive Media (MEJO 187)

Chapel Hill, NC
January 2024 – May 2024

- Developed an interactive travel guide dashboard with HTML, CSS, and JavaScript, incorporating multimedia elements for an immersive user experience.
- Enhanced functionality and visual appeal using flexbox and media queries, ensuring responsiveness.
- Delivered a user-friendly and visually appealing dashboard, showcasing effective design and functionality.

CAMPUS & COMMUNITY INVOLVEMENT

UNC Kasama (Filipino American Association)

Historian Chair

Chapel Hill, NC
August 2023 – May 2024

- Documented and captured every student-run events through photography and videography
- Assisted on scheduling photo shoots with other executive members and created graphics for social media
